EXAM OVERVIEW

Cambridge Safety is a Neboosh Gold Learning Partner number 389 and is accredited to teach a variety of Neboosh qualifications including General Certificate and National Diploma. We regularly hold exams for General Certificate, Construction Certificate, Fire Certificate, Environment Certificate, National Diploma and Environment Diploma, alongside supplying a bespoke revision package for each qualification.

To be able to sit the **Neboosh Health and Safety Diploma or Environmental Diploma** examinations you must have been studying with an approved centre such as ourselves or another Neboosh approved centre, whether by taught course or distance learning.

To be able to register for any Open Book Exams with Cambridge Safety you must have studied with us (classroom/distance learning/E-learning) unless your course provider has ceased to operate.

To enter for any Neboosh exam or assessment, exam registrations must be made by the time frame given on our exam timetable, to enable us to register you with Neboosh.

Please note that these details, fees and exam dates/cut off dates are subject to change.

The exam details are for the current syllabuses only, please contact us for further details if you are sitting an old syllabus exam.

QUALIFICATION OVERVIEW

Nebosh General Certificate in Occupational Safety and Health 2020 Syllabus

This qualification consists of eleven course elements, four covering the management of health and safety and seven covering specific workplace hazards and risks.

The four management elements are assessed by one new style open book examination (NG1) accessed online at home, and the more practical hazards and risks are assessed via a comprehensive workplace risk assessment report (NG2).

Both exam and risk assessment have to be passed in a five year period to achieve the qualification. We recommend allowing approximately 100 hours of study time.

If you have taken the 2014 version of the General Certificate and have already taken one or more assessments - contact us as you will still be able to take the remaining exams in 2021. If you still need to take the NGC1—this will now be in the form of an open book examination which you can take in a safe and secure location of your choice.

Revision Package :

NG1 (Open Book Exam)

- 1 mock case study for the delegate to complete and send in for tutor marking and feedback
- True and False quiz
- Key Terms Review
- YouTube video explaining the answers to the mock case study and true and false quiz
