

NEBOSH Environmental Management Certificate

This course is designed for all those who have involvement in environmental issues within the organisation. This is an VRQ level three qualification covering 9 different areas of environmental practice. The course assessment includes an Open Book Exam accessed online at your home and a practical work based aspect and impact assessment

Environmental standards are developing rapidly in the UK with more and more regulations covering issues such as waste management, energy efficiency and pollution control. Managing environmental issues is not only a legal necessity but can result in definite improvements and cost savings if implemented successfully. More and more organisations are seeing the benefits and this course is designed to provide the theory and practical skills to assist the organisation in meeting these new and changing demands.

The course is highly interactive with many syndicate exercises and individual activities. In addition to the tutorial sessions, delegates are expected to carry out at least 25 hours of private study.

Many employers give responsibility for environmental management to the organisation's safety advisor or manager. Holding the new Nebosh Environmental Certificate will provide the holder with the confidence to undertake their role, as well as being an indicator of the competence both internally and externally to the organisation.

This qualification is designed for anyone who has responsibilities for managing environmental issues as part of their work. The qualification is designed to be globally relevant and benefit companies in all industry sectors who are seeking to implement effective environmental management systems, increase positive environmental impacts, and reduce negative environmental impacts.

NEBOSH Environmental Management certificate

This course includes tailor-made presentations, syndicate exercises and comprehensive handouts.

Delegates will have an opportunity to apply elements of the course to their own work situations so that maximum value can be obtained. Guidance will be given on completing the workplace environmental aspect and impact assessment. The completion of the assessment in the delegate's own workplace allows the course to have a direct impact on identifying areas of improvement for that workplace.

On completion of the qualification, you will be able to:

understand a range of environmental issues in order to improve performance and reduce harm;

work with an environmental management system and contribute to continual improvement;

recognise environmental aspects and evaluate current controls;

support decision-making with ethical, legal, and financial arguments;

understand the links between your organisation's activities and wider environmental issues.

Why Study With Cambridge Safety?

We have a proven track record in quality training with the success of our Nebosh qualifications over the last 25 years. Equally, we try to ensure that learning is an enjoyable experience. Unlike many centres we primarily use our own employees as tutors and do not rely on high numbers of external tutors. This ensures the message given throughout the course is consistent and accurate, enabling the course to run as a seamless programme, not a set of unrelated training days.

NEBOSH Environmental Management Certificate

The course is supported by a comprehensive manual containing all the course notes and handouts. Revision and examination preparation sessions are held to provide guidance on exam and revision techniques, as we appreciate that some practitioners may have been away from the classroom environment for some time.

What does the qualification cover?

The programme covers the control measures for major types of environmental risk. including:

- Foundations in environmental management
- Environmental management systems
- Assessing environmental aspects and impacts
- Planning for and dealing with environmental emergencies
- Control of emissions to air
- Control of environmental noise
- Control of contamination of water sources
- Control of waste and land use
- Sources and use of energy and energy efficiency

Venue

All courses are run in our training centre in Swan Court, Hampton, Peterborough which is easily accessed from the A1, A47 and the local parkway system. There is adequate provision for car parking.

The train station is less than 10 minutes away via taxi and there is a regular local "Citi 6" bus service.

Course fees

£950 plus vat plus £178 Nebosh fees (no vat).

A 10% discount is offered if a second delegate from the same organisation is booked on the same course.

Bookings

It is a condition of booking that the fee is payable in advance. A cheque or order requisition should be sent with the course booking form. An invoice will be raised as required. Full joining instructions will be sent to delegates approximately 2 weeks before the course commences.

Cancellations

Cancellations must be made in writing and are subject to the following charges: £50 admin fee per booking; plus if 8 - 28 days notice are given 50% of the course fees and any exam fees pre-paid to Nebosh; No refunds will be made within 1 week of the course start date but you may send a substitute delegate provided their application can be accepted by the tutor and there is still time to register with NEBOSH for the examination. Once a course has started no refunds or substitutions are possible.

Delegate Participation

The nature of our courses relies on the input of all participants, a level of tolerance and understanding of others and their work so we ask that you are thoughtful and respectful of the other delegates. Any issues discussed by delegates relating to their organisations should remain confidential to course attendees unless permission is given by the individual participant. We retain the right to refuse a place and to exclude from a course any delegate who, in the opinion of the CSP management, behaves in an abusive or disruptive manner or engages in any discriminatory conduct. No refund will be given if exclusion is made for these reasons. The course programme is correct at the time of going to print but may be altered or cancelled due to circumstances beyond our control.

Personal Data

Your personal data will be stored by Cambridge Safety and will not be divulged to any other organisations. If you wish to have your details removed from our database at any time, please contact us in writing. Course photos and images taken may be used for advertising or social media.

Please see our website for our full personal data policy.
