

NEBOSH Fire Safety Certificate

Fire is a chemical reaction, it is a hazard and risk which can have an adverse effect on any business. Poor management of fire safety can impact on all businesses and all areas of its activities, whether it is a hospital, factory or office. The best managed organisations ensure that health and safety and fire safety standards are part of every job role rather than being the remit of the company health and safety advisor or fire advisor. Those with responsibilities include all managers, employees, directors as well as those with specific responsibilities such as fire wardens and first aiders. Often fire issues may conflict with other business goals and objectives. For instance if employees store trolleys in front of a fire exit rather than in the designated area because this is closer.

The Brand New NEBOSH Fire Safety Certificate 2021 is designed for people who have fire safety responsibilities at work. It provides the knowledge and understanding, when combined with relevant experience, to carry out an effective fire risk assessment, as well as embed good practice in the workplace.

Holders of this accredited qualification help their organisation to ensure it meets its fire safety responsibilities. Fire safety is important. It protects people from injury and loss of life. It protects your property, your assets and your investment ensuring employees know how to help their employers avoid the damaging and sometimes catastrophic losses that result from fire.

The course is highly participative with tutor presentations supported by the use of practical exercises, syndicate and group work and feedback sessions. The main piece of legislation which forms a key part of this qualification is the details of the Regulatory Reform (Fire Safety) Order 2005 will be examined and fire related issues developed to enable delegates to complete fire risk assessments in a variety of different workplaces. This course is taught on a day release basis one day a week to allow delegates to balance their home, work and study commitments.

Nebosh Fire Safety Certificate

As well as tackling the extensive syllabus and standards set by Nebosh, the course will also give assistance and practical guidance on examination techniques.

Qualification Elements (5 days plus 2 assessment days)

This new qualification has six elements which cover a range of fire and explosion related issues. Elements cover:

- Managing fire safety
- Principles of fire and explosion
- Fuel, oxygen and ignition sources and control measures
- Fire protection in buildings
- Safety of people in the event of fire
- Fire safety risk assessment

The qualification is assessed by two brand new style assessments, one open book exam to check your underpinning knowledge and a work based fire risk assessment to enable you to apply your knowledge in a real workplace of your choice.

The assessments:
FSC1 : Open Book Exam accessed online at home, 24 hour access, case study with exam questions

FSC2 : Workplace fire risk assessment to be submitted to Cambridge Safety—full guidance and documents will be provided

What is included if you book?

- All tutorials including a revision session for each element of the qualification
- Comprehensive indexed course manuals
- A key point summary of the essential learning points

No additional handouts or books need to be purchased, all your study material is provided.

Nebosh Fire Safety Certificate

In addition to the hardcopy of course handouts you will also have access to a range of additional study material, with podcasts, YouTube Videos, and a library of downloaded guidance. Along with a range of fire related forms which you may wish to use back in the workplace.

If you have more than 5 people to train contact us for an in house

Venue

All courses are run in our training centre Hampton, Peterborough which is easily accessed from the A1, A47. The train station is less than 10 minutes away via taxi or the "Citi 6" bus.

Bookings

It is a condition of booking that the fee is payable in advance. An invoice will be raised as required. Full joining instructions will be sent to delegates approximately 2 weeks before the course commences. Self funders are required to pay a deposit to secure their place and any discounted prices offered.

Cancellations

Cancellations must be made in writing and are subject to the following charges: £50 admin fee per booking; plus if 8 - 28 days notice are given 50% of the course fees and any exam fees pre-paid to Nebosh; No refunds will be made within 1 week of the course start date but you may send a substitute delegate provided their application can be accepted by the tutor and there is still time to register with NEBOSH for the examination. Once a course has started no refunds or substitutions are possible.

Delegate Participation

The nature of our courses relies on the input of all participants, a level of tolerance and understanding of others and their work so we ask that you are thoughtful and respectful of the other delegates. Any issues discussed by delegates relating to their organisations should remain confidential to course attendees unless permission is given by the individual participant. We retain the right to refuse a place and to exclude from a course any delegate who, in the opinion of the CSP management, behaves in an abusive or disruptive manner or engages in any discriminatory conduct. No refund will be given if exclusion is made for these reasons.

Personal Data

Your personal data will be stored by Cambridge Safety and will not be divulged to any other organisations. If you wish to have your details removed from our database at any time, please contact us in writing. Course photos and images taken may be used for advertising or social media. Please see our website for our full personal data policy.

The course programme is correct at the time of going to print but may be altered or cancelled due to circumstances beyond our control. Taught sessions may be conducted live via Zoom if government restrictions apply. Course photos and images taken may be used for advertising or social media.
